

# Four Steps To Owning Your Own Business

**Step 1** The first step is to contact us and get some basic information from our staff. We are here to provide you with an initial package of information on becoming one of our Franchisees and owning your own business.

**Step 2** The second step is visiting our offices to discuss any questions you have, to review your background and requirements for purchasing your own business, and to review our Income Programs.

**Step 3** The third step is to receive and review our offering statement, which includes our Franchise Agreement. These documents, as well as our handouts, are designed for your careful review prior to making any decision about your investment in Pro-Clean. We encourage you to have your Financial Advisor, Accountant and Attorney also review the documents at this time.

**Step 4** The final step in our process is to select the Income Program of your choice, and to sign the Franchise Agreement. Training starts shortly thereafter, allowing you to begin your career as a Pro-Clean Franchisee.

*At Pro-Clean, we're with you every step of the way.*
